No of BKGC Teachers : 02

No. School teacher present : 04

No of School Student present : 52

**Detail Report**

On 14<sup>th</sup> July, 2025 a group of students from Bijoy Krishna Girls College, Howrah visited BelghoriyaDeshpriyaVidyaNiketan as part of an outreach program to encourage higher studies in Economics. The objective of the visit was to interact with the school students, create awareness about the subject, and explain the various academic and career opportunities it offers.

We began the session by introducing Economics as the study of how societies allocate limited resources to meet unlimited wants. Through examples from daily life, we explained the role of Economics in understanding markets, development, government policies, and global trade. The discussion aimed to break the myth that Economics is limited to numbers, highlighting instead its connection with real-world issues such as poverty, unemployment, environment, and business.

The presentation covered the advantages of studying Economics, which include:

Developing analytical and problem-solving skills.

Understanding the functioning of markets and economies.

Gaining insight into policy-making and decision-making processes.

Building a strong foundation for diverse careers in government, research, corporate sectors, banking, and international organizations.

We also informed students about future facilities and opportunities in this stream, such as:

Undergraduate and postgraduate programs in Economics offered by reputed universities.

Specializations in fields like Development Economics, Financial Economics, Environmental Economics, and International Economics.

Employment prospects in planning commissions, research institutions, financial consultancies, NGOs, and multinational companies.

Opportunities for competitive examinations such as UPSC, RBI Grade B, and Indian Economic Service.

The interaction was followed by a question-and-answer session, where the students showed enthusiasm in knowing about scholarships, skill requirements, and subject combinations for pursuing Economics in higher studies.

The visit successfully achieved its goal of inspiring young learners to consider Economics as a promising academic and career path. We concluded with an invitation for them to reach out to our college faculty for further guidance.

1. DEBASMITA CHATTERJEE (sem -VI ECONOMICS DEPARTMENT
2. SOHINI MUKHERJEE SEM-VI ECONOMICS DEPARTMENT

### Letter of Appreciation

Dear Dr. Mitra,

On behalf of the students and teachers of Belgharia Deshapriya Vidyaniketan, I would like to extend our heartfelt appreciation for your engaging and insightful lecture titled "*Economics as Career Path*"; under School Outreach Program and Admission Drive.

We also sincerely appreciate the participation of your students, *Ms. Purnima Tudu*, *Ms. Debasmita Chatterjee* and *Ms. Sohini Mukherjee*, who delivered an interactive session with the students. Their clarity and confident delivery added great value to the program.

Thank you once again for your valuable time, enthusiasm, and dedication to nurturing young minds. We look forward to more such enriching sessions in the future.

With warm regards,

Headmaster
